RE: General Membership Meeting and Board of Directors Election

Dear Members,

It is with great regret that I write this letter to tell you there was an error made in the call for TCAHA Board of Director nominations. If we were to proceed with the elections as planned on Monday, January 25, this error would cause us to be working outside the guidelines of our constitution. Therefore I have made the decision to open a new call for nominations for all open Board of Director positions and hold the elections at a future date that allows us to correctly follow the process timeline outlined in our constitution and handbook.

I apologize for having to reschedule at this late notice, but given the situation, I believe it is my duty as President to conduct business in accordance with our governing documents. Please know that I have researched the situation and this decision not to continue with the current process was not made hastily. This is an important time for the membership to be heard by stepping up for an open position, or simply casting their vote for the member who they think is best suited to handle the day to day operations of our organization for the upcoming years.

For those members who put their name in for the original call for nominations I apologize for any inconveniences that this may cause, and ask that all of you resubmit your interest in one of our open positions when the new call for nominations is made.

Again, I am truly sorry about this situation and want all of you to know that TCAHA is currently working towards correcting this so that we can hold a valid election in line with our constitution and in fairness to all of our members. Please do not hesitate to contact me 509.366.1997 at any time if you have questions or comments regarding this matter.

Sincerely,

Dustin Beck
